National Youth Conference

Cardijn Community International (CCI) is an international lay apostolate network of people working for sustainable development. CCI is an initiative to link all those who have been trained through Cardijn movements like YCS, YCW, CWM, MIJARC and CFM.

CCI is a resource team to help groups and communities involved in holistic and sustainable development, peace building, human rights, integrated human development, ecology, co-operatives, gender issues and spirituality.

The 'core competency' of CCI is its capacity building techniques in 'See-Judge-Act' process. CCI aims to promote Cardijn's vision and methodology to the younger generation.

The network maintains relations with the IYCS, IYCW, MIJARC, WMCW, AICUF, IMCS, ICMICA, ICCFM and the Church from local to international.

The National Secretariat of CCI-India is located in Pune, Maharashtra.
